SIR

With reference to Government Notification No 3335/C B 3-43-35 dated the 10th instant, transferring Mr Mohamed Rahmathulla, Special Land Acquisition Officer of this Municipality, as Personal Assistant to the Deputy Commissioner, Tumkur and directing that the Land Acquisition Officer, Bangalore, to attend to the acquisition work in this Municipality, I have the honour to state that the post of the Special Land Acquisition Officer was sanctioned by Government to push through the marginally noted important and urgent acquisition schemes At present, 65 cases are in the award stage in the first scheme and fresh valuation statements and plans are ready with regard to the second stage in the above scheme As regards item No 2, fresh valuation statements are placed before the Council to be held on the 15th instant and final notifications are under issue with regard to item No 3 Action will have to be taken regarding all these schemes immediately On account of pressure of work, it has not been possible for me to attend to all the acquisition work and hence the -

1 Continuance of B V Krishna Iyengar Road to join Arcot Srinivasachar St (181 cases)
2 Acquisition of properties near Old Gangamacherry (50 cases)
3 Acquisition of properties for Kalasipalyam Layout (53 cases)

the marginally noted schemes have been transferred to the Special Land Acquisition Officer under separate orders of Government In addition to these, there are some more schemes (as per list here with appended) which are proposed to be transferred to the Special Land Acquisition Officer since the Municipal Commissioner will not have time to spare for this work I may also add here that the City Improvement Committee have selected about 25 schemes which have to be completed during this year alone and these involve more than 100 cases and the same are before the Council for sanction on the 15th instant It is proposed to transfer all these cases to the Special Land Acquisition Officer All this involves heavy work and requires the services of a whole time acquisition Officer According to the recent Government Order, the Land Acquisition Officer, Bangalore, will have to attend to the work of the Special Land Acquisition Officer in addition to his normal duties and I am afraid the volume of work of the Land Acquisition Officer, Bangalore, will be very heavy In these circumstances it is very necessary to have a whole time Land Acquisition Officer, or acquisition work in the Municipality and I therefore request that Government may be kindly moved to retain Mr Mohamed Rahmathulla in this Municipality alone If this is not possible, Government may be kindly moved to appoint a separate wholetime Land Acquisition Officer, to this Office Early orders may be kindly issued, since orders of transfer of Mr Rahmathulla have been received

1 Acquisition of No 38 in Palace Upparahally
2 Acquisition of properties for construction of Combined Ayurvedic and Unani Hospital

Subject - Transfer of Special Land Acquisition Work of Bangalore City Municipality to the Land Acquisition Officer Bangalore

With reference to your D O letter No 3418/C.B dated 20th March 1944 on the above subject I am sending herewith a copy of letter No C Per Q.1 3 dated the 8th May 1944 received from the Deputy Commissioner, Bangalore, in the matter In the circumstances stated by the Deputy Commissioner it may not be possible for the Special Land Acquisition Officer Bangalore to attend to both the items of work

16

Letter No C Per Q 1 3 dated 8th May 1944 from the Deputy Commissioner Bangalore District to the Revenue Commissioner in Mysore Bangalore

Subject - Transfer of Special Land Acquisition Work of the Bangalore City Municipality to the Land - - Acquisition Officer Bangalore, furnishes views on the -

With reference to your D O letter No Al 60.20/43-44 dated 28th March 1944 on the above subject I have the honor to state that according to the statement of progress made in the acquisition work during the quarter ending 31-3-1944, there are 234 cases pending with him as on 1-4-1944 Besides this fresh acquisition has to be started now in respect of (1) lands covering a distance of nearly 20-25 miles required for the Byramangala and Kanva Channels, (2) Lands taken up for ordinance depot near Krishnarajapuram (3) further extent of lands covering about 60 acres for Aircraft (4) lands - - required for Tuberculosis Hospital and Leper Asaylum (5) Chord Line from Nayandanahalli, the survey of which has - - recently been ordered by Government for the formation of an industrial colony

These and other items of work that may crop up from time to time require the full time services of an Officer The hands of the present Land Acquisition Officer, Bangalore are already full with work

According to the Municipal Commissioner's letter - - addressed to Government it is seen that there are 65 cases in award stage out of 181 cases relating to the acquisition - connected with the continuance of B V Krishna Iyengar Road and that fresh valuation statement and plans are ready with regard to the second stage in this Scheme that the City -- Improvement Committee have selected about 25 fresh Schemes which have to be completed during this year alone involving more than 100 cases in addition to the Schemes already - - sanctioned as detailed in his letter to Government and that all this involves heavy work requiring the services of a whole time Land Acquisition Officer for acquisition work in the Municipality

P T O

17

As from the statistics furnished it is seen that the Special Land Acquisition Officer Bangalore can only devote part time attention to the work connected with the Municipality as it is not possible for him to give full time attention in addition to his other - - duties described above it may perhaps be desirable to appoint a full time Special Land Acquisition Officer for work connected with the Municipality as suggested by the Municipal Commissioner who says that the work involved is very heavy and requires the services of a full time Officer
